PROFESSIONAL SUMMARY

B.Tech Computer Science and Engineering student and aspiring Full Stack Developer with hands-on experience building responsive web applications using the MERN stack. Skilled in React.js, Node.js, Express.js, and MongoDB, with experience developing REST APIs, authentication, and CRUD applications. Strong problem-solving and DSA skills with 415+ LeetCode problems solved. Passionate about building scalable, maintainable applications and continuously improving software development skills.

EDUCATION

Jawaharlal Nehru University, New Delhi *2024 – 2028*
B.Tech in Computer Science and Engineering *CGPA: 7.3/9*

Gaya College, Gaya *2023*
Board of Intermediate Education, Bihar *Percentage: 82%*

DL High School, Hisua (Nawada) *2021*
Board of Secondary Education, Bihar *Percentage: 79%*

PROJECTS

Alumnexus – MERN Stack Project **GitHub:** Repo
Technologies used: React.js, Node.js, Express.js, MongoDB, Mongoose, Cloudinary, Railway, Render

- Built a centralized alumni engagement platform connecting alumni, students, and institutions through mentorship, events, internship opportunities, and job referrals.
- Developed a responsive frontend and RESTful APIs with JWT-based authentication for secure profile management, alumni–student interaction, and opportunity sharing.
- Qualified for the final round of **Hack.JNU**, demonstrating teamwork, problem-solving, and project development skills.

VisitSmart – MERN Stack Project **GitHub:** Repo
Technologies used: React.js, Node.js, Express.js, MongoDB, Mongoose, Cloudinary, AWS, Render

- Built a full-stack tourism discovery platform to explore natural destinations across India with nearby hotel recommendations.
- Designed a responsive frontend and developed scalable RESTful APIs using React.js, Node.js, and Express.js following MVC architecture for destination discovery and hotel recommendation features.

TECHNICAL SKILLS AND INTERESTS

Languages:	C++, JavaScript, Python (Basic)
Developer Tools:	Git, GitHub, VS Code, npm
Frameworks:	React.js, Node.js, Express.js
Cloud/Databases:	MongoDB, MySQL, AWS(Basic)
Soft Skills:	Problem Solving, Teamwork, Communication
Coursework:	Data Structures and Algorithms, Object-Oriented Programming, Web Development
Areas of Interest:	Full Stack Development, Web Application Development, Backend Development, RESTful APIs

ACHIEVEMENTS

- Secured **1st place** in Web Development Competition at Enquest (College Technical Fest) as part of a team.
- Qualified for the **final round of Hack.JNU**, demonstrating strong problem-solving, technical, and teamwork skills in a competitive hackathon.
- Solved **415+ problems on LeetCode**, demonstrating consistent practice in Data Structures and Algorithms.
